REQUEST FOR REVIEW OF PATENT TERM ADJUSTMENT

MAIL STOP ISSUE FEE

Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Sir:

Applicants previously filed a Request for Review of Patent Term Adjustment on March 5, 2008, wherein they advised that there may be an error in the patent term adjustment calculated by the U.S. Patent and Trademark Office (USPTO) for the above-referenced patent application. Specifically, the patent term adjustment pursuant to 35 U.S.C. 154(b) of 31 days indicated on the Determination of Patent Term Adjustment, PTOL-85, may have extended the term of this patent by too many days due to a Request for Continued Examination (RCE) filed on November 29, 2007.

Applicants subsequently received an Issue Notification, indicating that a patent term adjustment of 139 days had been calculated for this patent. It does not appear that the USPTO considered Applicants' earlier request or the noted RCE filing. Accordingly, Applicants renew their request and ask that the calculation of the patent term adjustment be reviewed, and corrections made, if necessary.

Respectfully submitted,

/Andrew D. Stover/
